

Terms & Conditions for Shippers

1. Definitions

In these terms, "Carrier" means the party undertaking carriage of the goods, "Shipper" means the party tendering them, and "Platform" means the CtrlChain services operated by the contracting sales organisation.

2. Scope

These terms apply to every transport order placed through the Platform, and take precedence over any conflicting terms on a purchase order or acknowledgement unless agreed in writing.

1. Orders are accepted subject to available capacity.
2. Rates quoted exclude duties and levies unless stated.
3. Cancellation within 24 hours of the pickup window may incur a charge.

3. Liability

Liability for loss of or damage to goods is limited in accordance with the applicable convention, and in no event covers:

- indirect or consequential loss, including loss of profit;
- delay, except where separately agreed in writing;
- goods carried at the Shipper's declared risk.

4. Governing law

These terms are governed by the law of the country in which the contracting sales organisation is established, and the courts of that country have exclusive jurisdiction.

5. Sample document

This PDF ships with the prototype so the document preview can be tried without uploading anything. It is not a real legal text and must not be used as one.

Page three exists so the preview's page count has something to count.
